THE SPA EXPERIENCE

Breakwater Spa is a coastal-inspired retreat designed for gathering, relaxation, and shared wellness experiences.

Our group offerings are centered around our Botanical Soaking Lounge—an intimate space designed for up to four guests to unwind together. Each soaking ritual is crafted to soothe the body, calm the mind, and create a peaceful environment where you can truly slow down.

Perfect for small gatherings, our soaking experiences offer a unique way to connect—whether you're celebrating, catching up with friends, or simply taking time to relax side by side.

With a focus on simplicity, comfort, and elevated care, Breakwater Spa provides a one-of-a-kind setting where wellness is meant to be shared.
